

**DDTC is proud to invite you to another IT Modernization Chat!**  
**DECCS Release #1 Commodity Jurisdictions/DS-4076**  
**Date: Friday, October 14, 2016**  
**2-3pm (eastern)**

## **Overview**

You are cordially invited to attend a webinar introducing the first release of the **Defense Export Control Compliance System (DECCS)**; the IT Modernization effort which will replace DTrade and EFS with an easy to use, online system that provides industry with a content rich home page, the ability to save work in progress, and the ability to copy in-progress or completed submissions. The Directorate for Defense Trade Control (DDTC) intends to do all data collection associated with export registration, commodity jurisdiction and licensing through DECCS.

DECCS Release #1 webinar encompasses the screens for online Commodity Jurisdiction (CJ) requests. This webinar will include a demonstration of user authentication, log in, data entry, saving work in progress, submission of completed CJs and tracking of CJs.

## **Moderator**

- [Kimberly Hancher](#), DDTC IT Modernization Team, Industry Liaison (Contractor)

## **Webinar Details**

No advance registration is necessary. To join the webinar, go to: <https://irmedip.adobeconnect.com/chatwsme/>
